

Please refer to front page for ordering information. Children sometimes forget to put their lunch orders in at the start of the day. Late orders will be filled as soon as time permits. At times some food choices may not be available and an alternative item(s) will be supplied after consulting the child(ren).

Children now have playtime before having their lunch. Eating times are 11.35 -11.50 and 1.35 -1.50.

Iceblocks are only available at second break playtime.
